THE PROJECT

An Italian Renaissance, Reborn at Jaypee Greens

Trecento Residences - A by Gaur is a newly launched, deliberately low-density residential landmark by the Gaursons Group at Jaypee Greens, Greater Noida. Its name and character are drawn from the Trecento - the 14th-century Italian age of art that seeded the Renaissance - and that inspiration shapes everything from the tower's cylindrical silhouette to the artistry of its landscape.

The tower ascends 30 storeys from within 182.92 hectares (452 acres) of Jaypee Greens, standing in the middle of an international 18-hole golf course. Only two condominiums occupy each floor, each wrapped in a continuous all-round balcony, so every residence enjoys uninterrupted panoramic views, cross ventilation and a sense of complete privacy. Sixty homes are the entire supply - permanently.

Price	On request - offer available on booking

Cradled within a sea of greenery, a premium tower stands as a testament to refined elegance - only 60 residences for 60 select families.

Why This Address Is Different

- A single tower, not a cluster - no shared walls with a crowded complex.
- Golf-course frontage that cannot be built out in the future.
- The Gaur brand, active since 1995, behind a RERA-registered project.
- Two homes per floor, giving each residence a private-perch feeling.
- A 452-acre township that is already built, living and green.
- Ultra-thin resale supply by design - only 60 homes will ever exist.

THE RESIDENCES

Two Lavish 4 BHK Layouts

Both condominium types follow the same regal programme, differing only in overall area. Each home opens through a foyer and lounge into a grand living and dining space, with four bedrooms, four dress rooms, five toilets, a puja room, a store, and a servant room with its own toilet and utility balcony - all encircled by a continuous balcony of 806.65 sq. ft.

INVESTMENT

Pricing, Payment & Investment

Pricing at Trecento Residences is shared one-to-one, with an offer currently available on booking. Because only 60 residences exist, each quote is unit-specific and depends on the exact home you shortlist.

CONDOMINIUM	CARPET (RERA)	SALEABLE	CONFIG	PRICE
Type 1	3112.63 sq. ft.	5050 sq. ft.	4 BHK	On request*
Type 2	3059.99 sq. ft.	5000 sq. ft.	4 BHK	On request*

*Prices are shared on request and subject to change without prior notice. They exclude registration, stamp duty, GST where applicable and other statutory charges.

What Shapes Your Quote

- Floor level - higher floors carry a golf-course and skyline premium.
- Orientation - homes facing the 18-hole course are priced at a premium.
- Booking offer - a launch offer is currently running.
- Layout - Type 1 at 5050 sq. ft. versus Type 2 at 5000 sq. ft.
- Payment plan - construction-linked, down-payment and flexi plans differ.
- Live availability - with only 60 units, inventory moves pricing.

Financing

Home-loan assistance is available through the project's finance partners, Aditya Birla Capital and Canara Bank; construction finance is partnered with Aditya Birla Capital. A typical luxury purchase can be planned around a 20 per cent advance with a 20 to 25 year tenure - actual rates depend on your lender and profile.

The Investment Case

DRIVER	WHY IT MATTERS
Scarcity	Most NCR luxury towers hold 300 to 800 apartments. This one holds 60, two per floor - that is the entire supply, forever, which keeps resale volumes permanently thin.
Setting	Golf frontage inside a 452-acre township cannot be built out, and the address is instantly understood by domestic and global buyers alike.
Corridor	The Jewar airport, Film City, proposed Night Safari and cricket stadium, DMIC node and metro expansion all deepen demand for premium housing near Pari Chowk.
Developer	Gaurs has delivered 65 plus projects and 65,000 plus units since 1995, reducing execution risk on an under-construction purchase.
Timing	Buying in 2026 sits after RERA registration and construction mobilisation, but before the price ladder steps up towards the July 2028 completion.

Who It Suits

- The connoisseur seeking a low-density statement home with 59 neighbours.
- The upgrading family needing 5000 plus sq. ft., five toilets and a servant room.
- The NRI buyer wanting a trusted brand, RERA cover and rental appeal.
- The investor taking early entry into a scarce asset in a high-growth corridor.
